Keeping the Faith

On March 15th, we made the difficult decision to temporarily close the Caring Hearts Thrift Store due to COVID-19. While our mission and commitment to the community remains strong, we have an increased obligation to the health, well-being and safety of the Caring Hearts volunteers, store patrons, and community as a whole.

Out of an abundance of caution, we also made the decision to no longer accept donations to sell in the Thrift Store for the foreseeable future. Like so many in the community, we are hurting. The majority of our funding is generated by the Caring Hearts Thrift Store, so we long to reopen so we can continue serving this amazing community we love so much.

We are actively pursuing new protocols to reopen the store while mitigating unnecessary risk, so please stay tuned and keep the faith while we navigate through this challenging time. We miss our community family and look forward to seeing you soon!

Foster Opportunities

In this day of social distancing and isolation, people are more disconnected than ever. Fostering not only greatly increases the well-being and emotional health of shelter animals, thereby making them more adoptable, it also provides the much needed companionship humans crave. We are social creatures and we need each other now more than ever. If you are interested in fostering a shelter animal, please contact our rescue partners at **Stover Animal Rescue** by phone at **573-377-4355**.

Sassy's Story

Hi, my name is Sassy, and here is my story...

Let me start at the beginning. Early last year I was so thankful for Stover Animal Rescue's TNR (Trap Neuter Return) outreach program. I got spayed and had my right ear "tipped" to make sure people knew I was "fixed" and wouldn't be a problem.

Later in the year I injured my leg, but it never got treated, so I had difficulty walking without it hurting. Things went from bad to worse when I started feeling sharp pains in my stomach. I was taken to the local vet clinic and found out I needed surgery. There were Calcium Oxalate stones and crystals in my bladder, and at first glance they thought my leg may need to be amputated. My person couldn't afford the surgery, so the decision was made to end my life.

Just when I thought all hope was lost, I heard the vet tech call Stover Animal Rescue to see what could be done. And you know what? Stover Animal Rescue wanted to save me, but they needed help. They contacted their friends at Caring Hearts and C.A.R.E. (Colorado Animal Rescue Express) and they wanted to save me too! I couldn't believe it! Together they paid for everything I needed – they literally saved my life!

I'm happy to report that my surgery went well and I didn't have to have my leg amputated after all, but I may always walk with a little limp. I am on the mend in a safe and loving foster home and will be looking for my forever family very soon! That's right - I'll be available for adoption, and my adoption fee has already been sponsored! Due to my bladder condition, I'll need special food, but other than that, I should be good to go.

I truly believe there's a reason I'm alive today, and maybe you are my reason. Give Stover Animal Rescue a call at 573-377-4355 to find out all about me. If you have room in your heart and home, I'd love my 'happily ever after' to be with you. ❤️

- *"If it wasn't for Caring Hearts my dog would not be here today. They are wonderful. One day I hope to donate all that back to them for others to get the help their fur-babies need. Trust me I haven't and won't forget you. Thank you so much again."*
- *"Amazing rescue that does great work. They've helped me with several stray dogs and cats and they really care. They're truly a blessing to the community."*
- *"They have been absolutely amazing. If it weren't for Caring Hearts, my dog Koda wouldn't have had her biopsy for her tumor or the surgery she needed to remove it plus part of her lower jaw. They have helped so much. I hope to one day be able to help and donate to them."*
